REJAUL KARIM

Shopify Developer

PERSONAL PROFILE

Results-driven Shopify Developer building pixel-perfect, high-performance eCommerce storefronts. Expert in converting Figma designs into custom Liquid themes. Proven track record of shipping clean, scalable code for global clients while collaborating in remote-first teams. Actively integrates AI-assisted development workflows — to accelerate output, improve code quality, and stay ahead of fast-moving industry trends.

WORK EXPERIENCE

SHOPIFY DEVELOPER | 2023 - NOW

AKTA SERVICE

- Built custom Shopify themes using Liquid, HTML, CSS, and JavaScript
- Converted Figma designs into pixel-perfect, responsive storefronts
- Developed custom sections, blocks, and features for client stores
- Integrated third-party apps and Shopify APIs
- Identified and fixed bugs across multiple Shopify stores to ensure smooth functionality
- Optimized store speed and performance for faster load times and better user experience
- Wrote clean, SEO-standard code following Shopify best practices
- Maintained and managed multiple live Shopify stores on an ongoing basis
- Refactored existing codebases for better readability, scalability, and performance
- Used AI tools (Claude) to accelerate debugging and development workflow
